

Notes to Editors

- ★ East Anglia's Children's Hospices (EACH) needs to raise around £4.8 million from public donations to deliver its services this year. This amounts to more than £13,000 a day, every day of the year.
- ★ We support families and care for children and young people with life-threatening conditions across Norfolk, Essex, Cambridgeshire and Suffolk.
- ★ We deliver a range of services that includes: short break care, specialist play activities, music therapy, parent groups, sibling groups, care at end of life and bereavement support for all family members.
- ★ We provide care and support wherever the family wishes– in the families' own home, in hospital or at one of our hospices in Quidenham, Ipswich and Milton.
- ★ We continue to develop the quality and range of our services to support children and their families. The number of families we help has increased by 48% in the past two years, and last year we helped 547 families.
