East Anglia's
Children's Hospices

Do you need our help and support?

East Anglia's Children's Hospices (EACH)

EACH is a registered charity (no 1069284)

If you think you need our help there are some things to check.

✓ The child involved is under 16. Older children are accepted in special cases.

✓ You must have parental responsibility for the child.

✓ You must live in Norfolk, Suffolk, Cambridgeshire or Essex.

To be referred, contact us directly or ask someone you trust to do it for you.

01223 800800

each.referrals@nhs.net

After your referral you will meet with your Case Management Team.

We will need some information from you:

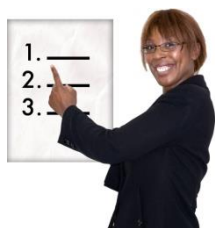

- Your child's healthcare needs.
- Your family's support needs.
- Information on other people that offer care for your family.

This will teach us the best way to help your family.

Once we have this information we know if you are able to use our services.

If you are, we will talk about what to do next.

If your child is near the end of their life care can start straight away.

If you aren't able to use our services you can appeal.

This must be done in writing to your Service Manager.

When your referral is completed,
you can contact your local
hospice.

Milton (Cambridgeshire)
