

# Pick a treat

Pick a sweet treat from the grid below for a suggested donation of £  to support EACH.

The person who chooses the correct picture will win

Write your winning number here -  
cut off and keep safe.

## How to play

Pick a number between 1-16, write the selected number in the red triangle at the top, cut it off and keep it safe. Write the donation amount and what prize the person will win in the space provided at the top of this form. Each player gives a suggested donation for each square they choose, adding their name to the square. Once the sheet is full and all money collected, reveal the winner.

We suggest 50% of donations collected from the sweepstake goes to the winner, and 50% to EACH, however you can choose to offer an alternative prize.
